**NEAppliedProducts.com**

Proudly represents the following HVAC manufacturers

## MULTISTACK®

- **Air & Water-Cooled Chillers & Custom AHUs/DX**
- Modular & packaged chillers for HVAC, industrial, heat-recovery, geothermal, MRI, data centers. Up to 2000 tons in single chiller
- Variable scroll, screw & Turbocor compressor options
- Pump skids, free-cooling, split chillers, low temp
- Fixed plate ERVs

- **Custom AHUs, Custom DX, Fan Arrays**
- Industry leading sound performance
- Full custom capability including controls, DX, low sound fan arrays, low PD dampers
- AMCA Sound testing
- Engineering & Manufacturing in Montreal

## BUFFALO AIR HANDLING

- **Custom Air-Handlers**
- Up to 4" wall, aluminum/stainless/galvanized casing
- Specialty components & designs for hospitals & higher-ed
- Fully custom – 100,000+ CFM capability

- **Energy Recovery & Dehumidification**
- AHUs, Chilled beams & pump modules
- Hydronic recovery pump skid & controls
- Passive & active desiccant dehumidification
- True 3 angstrom wheel technology

## WILLIAMS

- **Fan Coils & Air-Handlers.**
- Hi-rise vertical stack, horizontal/vertical concealed & exposed,
- AHUs up to 12,000 cfm
- ECM, customized casings, coils: steam, HW, CHW, DX, electric

- **Computer Room Cooling**
- Indoor and outdoor mounted precision cooling; Ultrasonic humidification
- In-row, perimeter, ceiling and liquid-to-chip configurations; CW & DX
- Indirect Evaporative Cooling
- 1 – 215 Tons (4 – 750 kw)

## ADDISON

- **Semi-Custom DX & Energy Recovery RTUs/DOAS**
- Cooling, heating, WSHP & Air-source HP configurations
- Packaged & split options, variable speed compressors

- **Florida Heat Pumps**
- Full range WSHPs ½ - 60 tons
- Water-to-water HPs 2 – 35 tons
- 100% OA Rooftop WSHP 4 - 30 tons
- WSE, HGRH, best in class efficiency

## MP MILLER-PICKING™

- **Custom indoor and outdoor AHUs**
- 2,000 – 200,000 CFM capability
- Fully custom casing materials and thickness
- Manufactured in York, PA

- **Modular Semi-custom AHUs**
- Indoor and outdoor construction
- DX, CHW, HW, Gas, Elect
- 2,000 – 120,000 CFM capability
- Mult casing options & variable aspect ratio

## envirosep A TILTECH™ COMPANY

- **Packaged Pumping Systems & Central Plants.**
- Chiller & boiler plants with controls & wiring
- Pre-built custom penthouse enclosures
- Custom pump skids & controls

- **Adiabatic & Evaporative Cooling**
- High efficiency, low water usage, no chemical treatment
- Cooling towers, condensers, & drycoolers
- Water or DX
- Plate heat exchangers

Refrigerant Monitoring

Humidification & Heat Exchangers

Air Rotation Units

DX & Water Coils
